In accordance with §17-123 all haulers must be licensed to collect and dispose of waste in the City of New Haven. In addition, all receptacles provided for collection shall be permitted by the NHSWRA. For a list of licensed haulers please call Alex Covell at (203) 691-5374.

All plans must contain a site map indicating where disposal receptacles are stored. A simple hand drawing of your property, with the waste container storage area designated, will meet this requirement. Call Alex Covell for assistance in meeting this requirement.
